

Cell and Tissue Research

Volume 264 1991

Edited by

H. Altner, Regensburg
M. J. Cavey, Calgary
D. E. Kelly, Washington, D.C.
B. Lofts, Norwich
J. F. Morris, Oxford
A. Oksche, Giessen (Coordinating Editor)
B. Scharrer, New York
N. J. Strausfeld, Tucson
L. Vollrath, Mainz

In Cooperation with

A. Björklund, Lund
A. D. Blest, Canberra
R. A. Cloney, Seattle
A. C. Enders, Davis
J. B. Furness, Melbourne
H. G. Hartwig, Düsseldorf
N. Hirokawa, Tokyo
T. Hökfelt, Stockholm
A. F. Holstein, Hamburg
N. T. James, Sheffield
R. O. Kelley, Albuquerque
B. Krisch, Kiel
N. J. Lane, Cambridge
D. G. Osmond, Montreal
E. Reale, Hannover
J.-P. Revel, Pasadena
D. W. Scheuermann, Antwerp
H. Schmalbruch, Copenhagen
L. Sternberger, Baltimore
W. E. Stumpf, Chapel Hill
A. Tixier-Vidal, Paris
E. D. Wachsmuth, Basel
S. E. Wendelaar Bonga, Nijmegen
R. L. Wood, Los Angeles

Springer International

Cell and Tissue Research

This journal was founded in 1924 as the *Zeitschrift für Zellen- und Gewebelehre*, from Vol. 2 (1925) it was published with the subtitle: Continuation of the Schultze-Waldeyer-Hertwig Archiv für mikroskopische Anatomie. *Zeitschrift für Zellforschung und mikroskopische Anatomie* (Vols. 1–20) (1934) as: *Zeitschrift für wissenschaftliche Biologie* (Abteilung B) edited by R. Goldschmidt, W. von Möllendorff, H. Bauer, J. Seiler. Vols. 2–28 (1938) edited by R. Goldschmidt and W. von Möllendorff. Vols. 29–33 (1944) as: *Zeitschrift für Zellforschung und mikroskopische Anatomie*, Abteilung A, Allgemeine Zellforschung und mikroskopische Anatomie, edited by W. von Möllendorff and J. Seiler, from Vol. 34 without the subtitle, Abteilung A, Allgemeine Zellforschung und mikroskopische Anatomie. From Vol. 34 (1949) edited by W. Bargmann, J. Seiler; from Vol. 53 (1960) edited by W. Bargmann, B. Scharer, J. Seiler; from Vol. 83 (1967) edited by W. Bargmann, D.S. Farner, A. Oksche, B. Scharer, J. Seiler; from Vol. 125 (1972) edited by W. Bargmann, D.S. Farner, F. Knowles, A. Oksche, B. Scharer. Beginning with Vol. 125 (1972) with the subtitle Cell and Tissue Research, beginning with Vol. 148 (1974) under the title Cell and Tissue Research and the subtitle Continuation of *Zeitschrift für Zellforschung und mikroskopische Anatomie* and beginning with Vol. 235 (1984) under the title Cell and Tissue Research. Beginning with Vol. 164 (1975), edited by W. Bargmann, D.S. Farner, B. Lofis, A. Oksche, B. Scharer and L. Vollrath; As of Vol. 193 (1978), edited by D.S. Farner, B. Lofis, A. Oksche (Coordinating Editor), B. Scharer and L. Vollrath; from Vol. 227 (1981), edited by D.S. Farner, B. Lofis, J.F. Morris, A. Oksche (Coordinating Editor), B. Scharer and L. Vollrath; from Vol. 228 (1983), edited by D.S. Farner, D.E. Kelly, B. Lofis, J.F. Morris, A. Oksche (Coordinating Editor), B. Scharer and L. Vollrath. Beginning with Vol. 235 (1984), title changed to Cell and Tissue Research (no subtitle). As of Vol. 251 (1988), edited by H. Altner, D.S. Farner, B. Lofis, J.F. Morris, A. Oksche (Coordinating Editor), B. Scharer, N.J. Strausfeld and L. Vollrath. Beginning with Vol. 252/3 (1988), M.J. Cavey became one of the editors. From Vol. 254/1 (1988), edited by H. Altner, M.J. Cavey, B. Lofis, J.F. Morris, A. Oksche (Coordinating Editor), B. Scharer, N.J. Strausfeld and L. Vollrath.

Published: Vols. 1–33 (1924–1947) Julius Springer, Berlin, Vols. 34–35 (1948–1950) Springer, Wien, from Vol. 36 (1951) Springer, Berlin, Heidelberg.

Copyright

Submission of a manuscript implies: that the work described has not been published before (except in the form of an abstract or as part of a published lecture, review, or thesis); that it is not under consideration for publication elsewhere; that its publication has been approved by all coauthors, if any, as well as by the responsible authorities at the institute where the work has been carried out; that, if and when the manuscript is accepted for publication, the authors agree to automatic transfer of the copyright to the publisher; and that the manuscript will not be published elsewhere in any language without the consent of the copyright holders.

All articles published in this journal are protected by copyright, which covers the exclusive rights to reproduce and distribute the article (e.g., as offprints), as well as all translation rights. No material published in this journal may be reproduced photographically or stored on microfilm, in electronic data bases, video disks, etc., without first obtaining written permission from the publisher.

The use of general descriptive names, trade names, trademarks, etc., in this publication, even if not specifically identified, does not imply that these names are not protected by the relevant laws and regulations.

While the advice and information in this journal is believed to be true and accurate at the date of its going to press, neither the authors, the editors, nor the publisher can accept any legal responsibility for any errors or omissions that may be made. The publisher makes no warranty, express or implied, with respect to the material contained herein.

Special regulations for photocopies in the USA: Photocopies may be made for personal or in-house use beyond the limitations stipulated under Section 107 or 108 of U.S. Copyright Law, provided a fee is paid. This fee is US \$0.20 per page, or a minimum of US \$1.00 if an article contains fewer than five pages. All fees should be paid to the Copyright Clearance Center, Inc., 21 Congress Street, Salem, MA 01970, USA, stating the ISSN 0302-766X, the volume, and the first and last page numbers of each article copied. The copyright owner's consent does not include copying for general distribution, promotion, new works, or resale. In these cases, specific written permission must first be obtained from the publisher.

Contents of Volume 264

- Adachi E, Hayashi T, Hashimoto PH: A comparison of the immunofluorescent localization of collagen types I, III, and V with the distribution of reticular fibers on the same liver sections of the snow monkey (*Macaca fuscata*) 1-8
- Ahrén B, Ar'Rajab A, Böttcher G, Sundler F, Dunning BE: Presence of galanin in human pancreatic nerves and inhibition of insulin secretion from isolated human islets 263-267
- Ahrén B → Lindskog S 363-368
- Alfonsi M-F → Dadoune J-P 167-173
- Alving K, Sundström C, Matran R, Panula P, Hökfelt T, Lundberg JM: Association between histamine-containing mast cells and sensory nerves in the skin and airways of control and capsaicin-treated pigs 529-538
- Anderson LC → Garrett JR 117-126
- Arcidiacono G → Pannese E 209-214
- Ar'Rajab A → Ahrén B 263-267
- Asano H, Kobayashi M, Hoshino T: Ultrastructural study of a cytoplasmic bridge connecting a pair of erythroblasts in mice 215-219
- Atsumi S → Sakamoto H 221-230
- Avalos MDL → Mancera JM 539-548
- Ayoubi TAY, Duijnhoven HLP van, Coenen AJM, Jenks BG, Roubos EW, Martens GJM: Coordinated expression of 7B2 and α MSH in the melanotrope cells of *Xenopus laevis* 329-334
- Barnett JA → Hughes TK, Jr. 317-320
- Bers DM → Tidball JG 293-298
- Bläher S → Kuenzel WJ 481-495
- Böttcher G → Ahrén B 263-267
- Borg TK → Hilenski LL 577-587
- Braak E, Strotkamp B, Braak H: Parvalbumin-immunoreactive structures in the hippocampus of the human adult 33-48
- Braak H → Braak E 33-48
- Brelínska R, Seidel H-J, Kreja L: Thymic nurse cells: differentiation of thymocytes within complexes 175-183
- Breucker H → Holstein AF 23-32
- Brix K → Ohl C 283-291
- Burgoyne RD → Handel SE 549-554
- Burnstock G → Dikranian K 385-387
- Carraro R, Li Z-h, Johnson JE Jr., Gregerman RI: Islets of preadipocytes highly committed to differentiation in cultures of adherent rat adipocytes. Light- and electron-microscopic observations 243-251
- Carrillo Y, Fernandez E, Dail WG, Walton G: Distribution and origin of neuropeptide Y-immunoreactive fibers in the penis of the rat 127-132
- Cederdahl JE → Tidball JG 293-298
- Cetin Y, Grube D: Immunoreactivities for chromogranin A and B, and secretogranin II in the guinea pig entero-endocrine system: cellular distributions and intercellular heterogeneities 231-241
- Charles R → Hughes TK, Jr. 317-320
- Chegini N, Lei ZM, Rao CV: Nuclear volume and chromatin conformation of small and large bovine luteal cells: effect of gonadotropins and prostaglandins and dependence on luteal phase 453-460
- Chevillard M, Hinnrasky J, Zahm J-M, Plotkowski M-C, Puchelle E: Proliferation, differentiation and ciliary beating of human respiratory ciliated cells in primary culture 49-55
- Clavel M-C → Legrand C 335-338
